Subject - Re grant of extra time in addition to the usual joining time to the Upper and Lower Subordinates in the Engineering Section of the City Municipalities

---

I have the honour to state that the marginally noted subordinate overseers who were transferred from this Municipality, were unavoidably granted extra time as noted against each, in addition to the usual joining time admissible to them under the P W S R to enable them to hand over charge of works and materials, to their respective relievers, on the analogy of the practice obtaining in the P W D (Vide Note to Rule 656 P W C A C Vol III Part I) But the Comptroller has taken objection thereto on the ground that there is no rule on the subject in the Municipal Account Manual Part II, corresponding to that in the P W Account Code quoted above and has further intimated in his letter No 488/LAD dated 13-4-1938 (Copy enclosed) that orders of Government might be obtained for permitting the extra joining time allowed so far, and sanctioning suitable rules for the future, provided the conditions in the City Municipalities could be taken to be the same as in the case of a P W Division

2 The Municipal Engineer having been asked to furnish his

opinion in the matter, has stated in his memo No E2-5606/37-38 dated 23rd May 1938 (copy enclosed) that the jurisdiction and responsibilities of the P W D subordinates are more in the City Municipalities where the number of miles in charge of each man, is larger than in the P W D , that the cadre of the upper and lower subordinates in the Engineering section of the Municipalities has been recently - provincialised, that consequently the interchange of these officials in the P W D and Municipalities, are now frequent than before, that the rules in M A M , Part I were framed before the cadre of these officials was provincialised and that it was therefore necessary to suitably modify the rules in the Municipal Account Manual in this - behalf, so as to correspond to Rule 656 M C A C Vol III

3 The Municipal Council have approved of the suggestion of the Municipal Engineer, at their meeting held on 18th July 38 A copy of the resolution is herein enclosed

4 I request that in these circumstances Government may be kindly pleased to accord sanction to the extra working time allowed to the - officials referred to in para 1 and also to suitably modify the rules in this behalf in the Municipal Account Manual

Copy of letter No 488/LAD dated 13th April 1938 from the Comptroller to the Government of His Highness the Maharaja of Mysore, Bangalore to the Municipal Commissioner, Bangalore City

---

I have the honour to state that the Local Auditor attached to the Bangalore City Municipality brings to my notice that the Upper and Lower Subordinates working in the Municipality are, on the eve of their transfer, being granted extra time in addition to the usual joining time admissible to them under the Mysore Service Regulations to enable them to hand over charge of works and materials to their respective - relievers, on the analogy of the practice obtaining in the Public Works Department (vide Note to rule 650 P C & C Vol III Part I) As the scale of the upper and lower Subordinates of the Engineering department in the two City Municipalities is now provincialised, transfers of these officials may be more frequent in future There is no rule on the subject in F A M Part II corresponding to that in the P D Account Code quoted above The necessity for extra time depends upon the extent of jurisdiction of the overseer or Sub Overseer and the - quantity or number of articles left in charge of It is not clear if conditions in the City Municipality could be taken to be the same as the case of a Public Works Division It is therefore necessary that the maximum period required for proper transfer of works and materials in the charge of Upper and Lower Subordinates of the two City Municipalities should be fixed and necessary provision therefor included in the F A M Part II I request you to obtain orders of Government - for permitting the extra joining time allowed so far and sanctioning suitable rules for the future

Commissioner's No A5-1862/37 dated 18-4-1938 Re granting of extra time in addition to the usual joining time regarding gazetted Upper and Lower Subordinates, of the Engineering Section

---

Submitted to the Commissioner

The upper and lower subordinates of the Engineering Department (Municipality) have been recently provincialised and as such, th transfers are now very frequent Before this was provincialised, Subordinate was appointed and retired in the Municipality Hence there was no difficulty of joining time and M A M II Rules are framed before this cadre was provincialised There are frequent transfers now The subordinates of the Engineering section of Municipality will have works in charge, materials, stock, and as such, they cannot hand over charge immediately to his successor The jurisdiction and responsibilit ies are more in the Municipalities where a number of works each ran in charge is greater than those in P W D In P W D (vide note to rule 656 C A C volûme III) Para I, extra time not exceeding 5 days is allowed to hand over charge materials etc , Hence as the Subordinates have greater charge and greater responsibility, the extra joining time allowed in P W D may be adopted and orders from Government may be - obtained for the necessary modification in M A M II as per Comptroller' letter dated 488/LAD dated 13th April 1938

Circular

Delays covering a period of from 3 to 10, or even 15 days sometimes, have generally occurred in relieving subordinates, Accountants and Clerks transferred from one Division to another, and this has entailed frequent references to this office as the pay of the relieving officials has very often been placed under objection by the Comptroller, Public Works Branch, on the ground that two officials cannot simultaneously count service in - - respect of the same appointment under Article 242 (b) of the Mysore Service Regulations

2. In the case of Upper and Lower Subordinates (including Taluk Maistries, etc ,) some time may be required to effect relief by reason of the materials, etc., being required to be checked. It is not, however, clear why clerks should be allowed to postpone handing over charge as they should get everything ready and start the very day their relievers report themselves for duty.

3 In these circumstances, it is considered desirable to issue the following instructions which, if strictly adhered to, will remove all the difficulties in the matter The Executive Engineers and the Sub Division officers should see that they acted up to in all cases of transfer:-

As soon as intimation of transfer is received, the official concerned should be ordered to arrange his papers and to hold himself in readiness to hand over charge the same day his reliever arrives. Else, he will forfeit his pay for the number of days unnecessarily taken by him to hand over charge. In the case of Upper and Lower subordinates, sufficient time, not exceeding 5 days or a week as the case may be, may be allowed for check of road materials and for the proper transfer of works in their charge

4 As soon as the transfer of charge is effected, officials and subordinates should proceed to their new station after availing themselves of the joining time allowed, unless ordered to the contrary.

Government Order No L 3142 4—Ml 24 38 49 dated 20th October 1938 stating that the question of incorporating a general rule in Municipal Account Manual Volume II in the matter of granting extra joining time to the Public Works Department Subordinates working in the City Municipalities on their transfer from one station to another will be dealt with separately

2 Letter No G T 2705 dated 8th April 1939 from the President City Municipal Council Mysore stating that extra joining time not exceeding a week may be granted to the upper and lower subordinates working in the City Municipalities on the lines of similar concession allowed to the subordinates of the Public Works Department under the provision contained in the note to Rule 656 of the Mysore Civil Account Code Volume III Part I

ORDER No L 3668 71—ML 24 38 205 DATED BANGALORE THE 6TH OCTOBER 1939

The Municipal Commissioner Bangalore City has reported that the Public Works Department subordinates who were transferred from the municipality were unavoidably granted extra time in addition to the usual joining time admissible to them under the Mysore Service Regulations to enable them to hand over charge of works and materials to their respective relievers on the analogy of the practice obtaining in the Public Works Department (*Vide* Note to Rule 656 Mysore Civil Account Code Volume III Part I) that the Comptroller has taken objection to this on the ground that there is no rule on the subject in the Municipal Accounts Manual Part II corresponding to that in the Public Works Account Code quoted above and has suggested that the Government may be requested to frame suitable rules provided the conditions in the City Municipalities could be taken to be the same as in the case of a Public Works Division He has added that the jurisdiction and responsibilities of the said subordinates are more in the City Municipalities where the number of works in charge of each man is larger than in the Public Works Department that the cadre of the Engineering subordinates of the Municipalities has been recently provincialised to facilitate the interchange of the said subordinates and that there are more frequent transfers now than before and requests sanction to the issue of suitable orders in the matter

2 The Chief Engineer who was consulted in the matter has furnished a copy of the circular addressed to the subordinate officers of the department in the matter showing the practice prevailing in that department

3 The President City Municipal Council Mysore has also urged the necessity for the insertion of a rule in the Municipal Accounts Manual Volume II on the lines referred to above

4 Government are accordingly pleased to direct that a rule similar to the one contained in note to Rule 656 Mysore Civil Account Code Volume III Part I as noted below be inserted in the M A M Volume II —

As soon as intimation of transfer is received the official concerned should be ordered to arrange his papers and to hold himself in readiness to hand over charge the same day his reliever arrives Else he will forfeit his pay for the number of days unnecessarily taken by him to hand over charge In the case of Upper and Lower Subordinates sufficient time not exceeding five days or a week as the case may be may be allowed for check of road materials and for proper transfer of works in their charge As soon as transfer of charge is effected officials and subordinates should proceed to their new stations after availing themselves of the joining time allowed unless ordered to the contrary

Read — (1) GO No Z 3142-4/ML2438-49 dt 20-10-38 stating that the question of incorporating a general rule in cl 64-66 Vol II in the matter of granting extra joining time to the P W D — subordinates working in the city limits on their transfer ~~Order thereon — Nil~~ from one Station to another, will be dealt with Separately.

2) Letter No GT 2755 dt 8-4-39 from the Dist, city civil, Mysore, stating that extra joining time not exceeding a week may be granted to the upper and

lower subordinates working
in the city mkts on the lines
of similar concession allowed
to the Subordinates of the P W D
under the provisions contained
in the note to rule 656 of the
Mysore Civil Account Code
Vol III part I

Orders RO 23668-7

The Mkt Commr, B'dge has
reported that the P W D Subordinates
who were transferred from
the mkts were unavoidably
granted extra ~~joining~~ time
in addition to the usual joining
time admissible to them under
the C&R S R, to enable them
to hand over charge of works
and materials to their
respective relievers, on the
analogy of the practice obtaining
in the P W D (Vide note to Rule
656 Mysore Civil Account Code
Vol III Part I), that the Comptroller

has taken objection to this, on the ground that there is no rule on the subject in the Municipal Accounts manual Part II corresponding to that in the P W Account Code quoted above and has suggested that the Govt may be requested to frame suitable rules, provided the conditions in the city metres could be taken to be the same as in the case of a P W Division. He has added that the jurisdiction & responsibilities of the said subordinates are more in the city metres where the number of works in charge of each man is larger than in the P. W D, that the cadre of the Engineering subordinates of the metres has been recently pruned to facilitate the interchange of the said subordinates and that there are

more frequent transfers now,
than before and requests sanction
to the issue of suitable orders
in the matters

The Chief Engineer who was
Consulted in the matter has
furnished a copy of the Circular
addressed to the Subordinate
Officers of the Deptt in the matter, showing the
practice prevailing in that deptt

The Dist, City Magl, Mysore,
has also urged the necessity
for the insertion of a rule
in the ~~MAM~~ M A M Vol II on
the lines referred to above

Govt are accordingly pleased
to direct that a rule similar
to the one Contained in Note
to Rule 656 M C A C Vol III Part I
as noted in the margin be inserted
in the M A M Vol II .

The Comptroller is requested
to issue the necessary addenda
to the M A M Vol II
